Expanding Seating, Expanding Opportunities

With the grant, Urban Restaurant is creating a welcoming outdoor patio, giving guests a beautiful space to enjoy their innovative cuisine and deepening connections with the community.

Redefining Affordable Fine Dining

Led by Chef Justin Clark, Urban Restaurant blends American, Mexican, Spanish, and Asian flavors to create dishes that are both comforting and adventurous—right in the heart of Kansas City.

A Vision for Change

"Urban Restaurant believes in representing and advocating professional culture and community involvement through hospitality services. We appreciate the G.I.F.T. organization for supporting the URBAN Vision to contribute to the redevelopment of Troost and influence change to the unfavorable historical perception of the neighborhood.

Collaboration with the G.I.F.T. marketing agency has already helped us increase foot traffic by 4.5–6% between November and January, further solidifying our presence in the community" - Chef Justin Clark

A New Chapter for Troost Avenue

Urban Restaurant's location at the historic intersection of Troost Avenue and East Armour Boulevard contributes to the revitalization of a corridor once known for division. They're bringing people together through food and culture.
